Phone mount | Fusion 360, 3D printing:

- I repurposed an old monitor stand by modeling and 3D-printing a phone stand to connect to the stand.

Portable Raspberry Pi game system | Linux, 3D-printing, Soldering:

- I used a Raspberry Pi Zero 2 W and a Freeplay Zero kit to make a portable game system. I added a low-profile fan and a heatsink to manage cooling and performance.
